# Is Your Child at Grade Level? – How to Stay on Track and/or Catch up!

Sources: BBC, NY Times

## Good News

- You're not alone. Everyone is in the same boat.
- Do the best you can based on your situation.
- Go easy on yourself if your school day doesn't go as planned.
- The welfare of your child comes first – every child will eventually “catch up” and reach their potential.
- If you can't do anything else, make sure your child is reading.
- TestingMom.com has a lot of resources to help you.
- Join us Monday nights at 2Moms@Home where we talk about the challenges of Crisis Schooling (among other topics)

## Bad News

- Summer learning loss is well documented. Unless kids continue learning over the summer, they lose ground in math and reading – cumulative over time. This impacts lower socio-economic kids the most.
- Historically, Kids who missed school during Katrina, long school strikes did lose ground.
- Now, we have online learning and parents/teachers are doing their best with teaching – nobody really knows the impact.
- My guess –
  - When school resumes, most kids will be behind where they would have been had school stayed in session (it will vary).
  - More kids than usual will need to repeat grades (especially younger kids).
  - There will be lots of diagnostic testing in the fall or when school resumes.

# Is Your Child On Grade Level?

This screenshot shows the main navigation and program cards on the TestingMom.com website. The top navigation bar includes 'HOME', 'TESTS', 'SUCCESS STORIES', 'ABOUT US', 'STORE', 'BLOG', 'HELP', and 'NYC TUTORING CENTER'. A search bar and user profile 'Hi, Karen' are also present. The left sidebar contains a 'Collapse' button and a 'Select a Test' dropdown, followed by icons for Dashboard, Test Prep (circled in red), Skill Building Academy, Parent Resources, Kindergarten Readiness, Spring Enrichment Program, Interactive Games, IQ Fun Pack Board Game, and GoGoBrain. The main content area features two primary sections: 'Your Child's Test Prep Program' (orange) and 'Your Child's Skill Building Academy' (green). The Test Prep section includes a notice about schools being closed and offers for NYC Gifted Testing and NYC Private School. The Skill Building Academy section displays various educational tools like Study Island, Reading Kingdom, bunceee, ChessKid, Big Universe, Brain POP, Brain POP Español, and Brain POP Jr. Below these are expandable cards for Parent Resource Center, Spring Enrichment Program, and Award Center, each with a 'Show' button. A 'Recommended For You' section is also visible at the bottom.

This screenshot shows a section of the website with a list of test categories on the left and a map of the United States on the right. The categories include: Test Prep, NYC Gifted Testing, NYC Private School, Skill Building Academy, Parent Resources, Kindergarten Readiness, Spring Enrichment Program, Interactive Games, IQ Fun Pack Board Game, and GoGoBrain. The map is a dark blue outline of the United States, intended for selecting a state to view specific test materials.

This screenshot displays a grid of assessment options under the heading 'Practice Questions and Games by Test'. A red dashed circle highlights the 'State Achievement Tests' section. The grid includes: AABL® - Admissions Assessment for Beginning Learners®, KABC™-II - Kaufman Assessment Battery for Children, Second Edition, SCAT - School and College Ability Test for Johns Hopkins CTY, Australia Testing, KBIT™-2 - Kaufman Brief Intelligence Test™-2, SHSAT - Specialized High School Admissions Test (NYC), BSRA™ - Bracken School Readiness Assessment™, Kindergarten Readiness (for Preschoolers), STB - Spatial Test Battery for Johns Hopkins CTY, California GATE, LAUSD (Los Angeles Unified School District) GATE Magnet, and TerraNova®, Third Edition.

## Schuyler's Dashboard

Home CogAT® Form 7 and 8 ITBS® NNAT®2 and 3 OLSAT®

### ABOUT THE TEST

**CogAT® - Cognitive Abilities Test™ - Form 7 and 8** The CogAT is a multiple-choice, group-administered ability test that is frequently used to qualify students for gifted and talented programs. The CogAT is divided into three different batteries that assess verbal reasoning, quantitative reasoning, and nonverbal reasoning. The CogAT can be given on paper or electronically. Form 7 is the older version. Form 7 and Form 8 are "parallel" or "equivalent" which means that both forms assess the same skills, but use different test items. Form 8 is the same scoring process; they are simply different versions of the same test. Whether your child is preparing for the CogAT Form 7 or Form 8, you will find the resources you need here.
